Subject: Request for extension of deadline to submit FS comments

Kristine,

There is a significant amount of work that needs to be accomplished in order to generate the LWG's comments on Sections 3 and 4 of EPA's revised Feasibility Study. The LWG respectfully requests an extension of the deadline to submit comments to October 9, 2015. The deadline for the LWG to provide significant issues on Sections 3 and 4 will remain August 28, 2015.

Please provide us your response to this request for extension as soon as practicable so that we may inform and coordinate with our project team accordingly.

Thank you,

Bob
